NEW TA POLICY WILL REQUIRE

The Navy's new Tuition Assistance policy, which allows 12 semester hours, 18-quarter hours, or 180 clock hours, will for some require students to carefully plan their sequence of classes. Some schools have a policy, which allows students who use tuition assistance for at least one class in the term to receive in-state rates for other classes taken that term. Some students may be excellent candidates to request a TA waiver. If so, this needs to be forwarded up the chain in a timely manner to determine if other finances will have to be used. Some candidates may be excellent applicants for PELL grants or a low interest student loans. There are financial resources available. Below is a list of recommendations to help students maximize their tuition assistance dollars.

1. **Choose courses carefully**. Make every credit count toward the intended goal.
2. **Get focused on a specific goal early in the education process**. Once identified then enroll to prevent credit duplication & other program change. (Note: Our office has free interest inventory for military. This tool may help in identifying a goal.)
3. **Prepare for school placement tests** so that you can test our of refresher level classes.
4. **Select classes in your concentration or major area**.
5. **Use all of your credit sources and maximize all resources available** – military experience, prior college credit, the testing programs (CLEP, DSST, ECE), the Navy College learning Center, courses from Navy E-learning network, and guidance from school & Navy College counselors.
6. **Those on or soon rotating to sea duty should consider using the Navy College Program for Afloat College Education - NCPACE**. NCPACE is available only to students attached to commands with sea going UICs. The tuition for PACE is fully funded. Students pay the cost of books.
7. **Seek other financial assistance**. Montgomery G I Bill, Pell Grant; scholarship & grants & in some cases low interest student loans.
8. **Request a tuition assistance waiver** of the minimum. Exceptional cases will be considered by Naval Education and Training in Pensacola and must be endorsed by the member's CO. Check the Navy College web site for details - https://www.navy.college.navy.mil/ta1.html.

CONSULT SCHOOL SCHEDULES WHEN REGISTERING

'Tis the season to register for the January term! Students are encouraged to start early for the best selection of classes. While Navy College is expected to be open throughout the Christmas holiday, most schools will be closed. TA applications must be submitted before the last day of registration. Blank TA applications are available at Navy College or on line at https://www.navycollege.navy.mil/ta1.html

MONTGOMERY GI BILL INCREASE!

On October 1, 2002, the MGIB increased to $900 per month. This equates to a total of $32,400 for military who are eligible to receive this benefit. The next MGIB increase is scheduled to occur on 1 October 2003. As a reminder MGIB era still have the option to increase their benefits by contributing an additional amount up to $600. This $600 increases 9 times to $5,400, which is distributed evenly over the 36 months of benefits. Students can make their contribution by allotment, however the additional benefits are not available until the allotment is completed. More information on VA benefits is available at www.gibill.va.gov.

MORE CLEP TO RETIRE NEXT YEAR

In an effort to move more toward computer based testing, the Chauncey organization has gradually been retiring various paper-based CLEP tests. The following exams will be withdrawn June 30th:

General Biology (18074)	**Western Civilization II (66052)**
General Chemistry (26107)	**Humanities (4910)**
College German (75027)	**Western Civilization I (65048)**

The last day these exams will be offered at Navy College NASO will be Thursday, June 28, 2003. Students wanting to take any of these exams need to plan accordingly.

The Navy College Office Workshop Schedule

COLLEGE ORIENTATION is scheduled every Tuesday at 1100, Navy College Office, Bldg. 531.

Reservations are not required. This workshop is designed for all new students and strongly recommended for those who may not be familiar with all of the services and programs available through the Navy College Office.   This workshop is strongly recommended for new students who are interested in individual counseling with one of our counselors. This class lasts approximately 1 & ½ hours.

Note: The Navy College Office will approve the first tuition assistance document for the new student; however, the student must attend the workshop *BEFORE* the second document is requested. We are always willing to work with students to meet the counseling requirement mandated by the tuition assistance program.

All students using tuition assistance **MUST PROVIDE** the Navy College Office with a formal degree plan. The plan must be on file **before five classes** are completed. We have all of the details to help YOU meet this requirement!

Upcoming Registration & Term Dates

School	Registration Dates	Term Dates
ECPI College of Technology (Microsoft Certified System Engineer)	Registration in progress, must see ECPI Rep	(Fiber Optics) (MCSE)
Tidewater Community College	18 November – 8 January	9 January – 7 May 2003
Old Dominion University	23 November – 11 January	11 January – 8 May 2003
Saint Leo University (Intersession) Saint Leo University (regular term)	9 December – 20 December 6 January – 22 January	6 January – 25 January 27 January – 22 March 2003
Embry-Riddle Aeronautical University	2 December – 6 January	6 January – 7 March 2003
Troy State University	2 December – 14 December	06 January – 16 March 2003
Norfolk State Univ. (Offered at Naval Station)	Now – 13 January	13 January – 7 March 2003 13 January – 14March 2003 Grad
Southern Illinois University (Offered at Dam Neck)	Now - 10 January	18 January – 13 April 2003
Florida Institute of Technology (Offered at Naval Station & Dam Neck)	18 November – 3 January	06 January – 18 April 2003

REGISTRATION AND COURSE INFORMATION – APPLY EARLY!

Apply for tuition assistance EARLY in the registration cycle to get the best selection of classes. Note, first time math and English students typically need to take the college's math and English placement tests. Visit the Navy College Learning Center or our office for materials to help prepare for these exams.

A NOTE ABOUT INCLEMENT WEATHER

All schools on base have inclement weather policies. When inclement weather strikes the colleges and universities will make an announcement regarding class cancellations. You should listen to the radio or local news for word on cancellations or delays. Schools generally follow the lead from the base. If the base is closed or if "BRAVO" personnel are secured, then the schools tend to cancel classes. PLEASE DO NOT CALL THE QUARTERDECK, they do not know the status of classes.

NAVY COLLEGE OFFICE TESTING NEWS

TESTING REMINDERS

1. The **English Composition with Essay CLEP** can only be administered four times a year. Upcoming dates include Thursday, 16 January; 17 April; and 5 June. Interested students must register at least four weeks before the exam date.
2. The **Excelsior College Exam Program (ECEP) with essay** is available six times a year. Students enrolled in Excelsior College need the essay version of the English Composition exam if they plan to test out of this subject area. Exams must be ordered 30 days before the exam date. Call 433-3129 to place a special order.
3. The PRAXIS is administered six times a year at the Navy College Dam Neck. Only active duty military are authorized to take these exams on base. Upcoming administrations will be Monday, 25 November; 13 January 03; 10 March 03; 28 April; 30 June 03. Students must contact the NCO at Dam Neck to register four weeks in advance.

ROUTINE TESTING

Routine testing is available **every Wednesday and Thursday at 0845 & 1045**, in Bldg. 531, Room N102. Routine testing includes CLEP, DSST, Excelsior College Exams (ECE), the GED, and other student scheduled exams (i.e. independent study). **Students taking ECE, DSST #SE450 or SF/SG 524 must test at 0845**. Testing is free for all active duty and reserve personnel. Eligible civilians may take CLEP & DSST exams on a space available basis for a fee, CLEP - $56; DSST - $35. For the DSST exams acceptable payment is money order, Credit Card or certified check made payable to Chauncey Group International. Personal checks and debit cards are not accepted. Navy College Oceana is able to scan and provide preliminary results for almost all of the CLEP (military only) and DSST (civilian and military) exams. Students should allow 3 – 5 weeks to receive official test scores (longer for essay and speech exams). Below is the projected schedule for the next several months.

ROUTINE EXAMINATIONS

November		December		January		February	
Wednesday	**Thursday**	**Wednesday**	**Thursday**	**Wednesday**	**Thursday**	**Wednesday**	**Thursday**

Why enroll at the NCLC?
- Prepare for the ASVAB
- Prepare for college and college placement exams
- Prepare for military exams and schools
- Prepare for CLEP/DSST, SAT, and ACT exams
- Improve writing skills
- Personal development

Advantages of studying at the NCLC
- Flexible scheduling
- Accommodates work-related absences
- Self-paced, computer-based study in quiet environment
- Facilitators available for individual assistance

Free to all active duty personnel, adult family members, retirees, Reservists, and DEP who have a valid US Military ID card!

Navy College Learning Center is now offering 10 Days to a Higher ASVAB Score.

These classes are free. Interested students are asked to submit a request chit or no-cost TAD orders to participate for 6.5 hours a day for two weeks. Seating is limited.

Upcoming classes are

2 Dec – 13 Dec	10 Feb – 24 Feb	31 Mar – 11 Apr
6 Jan – 17 Jan	03 Mar – 14 Mar	14 Apr – 25 Apr
27 Jan – 07 Feb	17 Mar – 28 Mar	28 Apr – 09 May

Reasons to Choose Tidewater Community College

Nationally the majority of high school graduates and adults begin their college degree at a local community college. That's true in Hampton Roads as well. Over 33,000 students chose to begin their college career at TCC in 2000-2001. The following are some of the reasons people are selecting TCC.

Small class size – average class size at TCC is 21 students.

Qualified and caring faculty - Many TCC faculty are leaders in their fields, honored by state and national organizations. They publish, travel, research – but most of all they *teach!*.

High quality – data from transfer colleges indicate that TCC graduate perform as well as or better than those who begin at a four-year college.

Variety of courses - TCC offers nine transfer programs that are designed to parallel the freshman-sophomore courses required by four-year colleges and universities. And over 120 programs in arts, business, health sciences, technologies, and public service.

Convenient scheduling- TCC offers classes that meet the needs of students juggling work, family responsibilities, and college classes. Four campuses, day, evening, weekend, online and cable TV classes. Sixteen or eight week sessions.

Help in choosing a major – TCC staff of professional counselors assist you in making career decisions and help you choose the courses you need.

Low Tuition – TCC has the lowest college tuition in South Hampton Roads.

Assistance in receiving financial aid and scholarships – TCC Financial Aid offices help students find the resources to attend college.

Developmental courses in English and math – TCC offers courses that enable you to "catch up" or review subjects that may be holding you back from pursuing your educational goals.

Resources to help students learn – TCC enhances student learning through its Learning Resource Centers, Writing Centers, Math Labs, Computer Labs and Tutoring Centers.

International Studies Honors Programs – TCC faculty offers an interdisciplinary curriculum with a global perspective for motivated and academically talented students.

Assistance with disabilities – Disabilities counselors coordinate services and provide academic and career counseling.

Assistance for International Students – International Student Services Office helps students from all over the world with testing, advising and enrollment.

Women's Center – TCC's Women's Center offers assistance with issues of concern of women seeking an education.

Visit the TCC Offices at Oceana and Dam Neck for assistance with enrolling at the college. Registration for Spring Semester Classes runs from November 18, 2002 through January 8, 2003.   Classes begin January 9, 2003.
Note these offices will be close for the holidays on Friday, December 20 and reopen on Monday, January 6, 2003.

Embry Riddle Aeronautical University – Associate, Bachelor & Master Degrees

Embry-Riddle has college degree programs for everyone, not just those in aviation-related rates. The Bachelor of Science in Management of Technical Operations has been designed to provide a flexible yet solid management and business program for students who desire a more technical based education in management. Significant credit can be awarded for individuals who possess a foundation of technical expertise through military training, course work, FAA licensing, and other types of experience thereby accelerating degree completion. The program builds on that base with a core of business and technical management classes along with general education and specified electives that prepare graduates for increased levels of responsibility and management positions. It is a highly marketable degree for those with some type of technical expertise. This program, along with other undergraduate programs in Professional Aeronautics as well as a Masters degree in Aeronautical Science are all offered at NAS Oceana through an evening classroom format. And for those with busy travel schedules or non-standard working hours, these courses and degree programs are also offered through independent study/distance learning via the Internet. For more information about these programs, call 440-5078 (NS Norfolk) or 437-8061 (NAS Oceana).

Intersession and Spring I 2003 Registration

Saint Leo University will be registering students for its 2-1/2 week Intersession during the period December 9 through December 20. The University will be closed for Winter Break from December 21 through January 1**. Intersession classes begin on Monday, January 6 and end on Saturday, January 25.**

Registration for the next eight-week term, Spring I 2003, begins on Monday, January 6 and ends on Wednesday, January 22.   **Spring I classes begin on Monday, January 27 and end on Saturday, March 22, 2003.**

The South Hampton Roads Center of Saint Leo University offers degree completion programs for an Associate of Arts in Liberal Arts, as well as Bachelor Degrees with majors in Business Administration, Computer Information Systems, Criminal Justice, Human Resources Administration, Psychology, Religion and Sociology. During the Spring I, more than 200 courses will be offered in the classroom and online through the Distance Learning Program. Students should go to the Saint Leo University home page, www.saintleo.edu to see the schedules for the South Hampton Roads Center and the Distance Learning Program.

Saint Leo University students who have received their e-Lion login and password are now able to enroll in classes and make tuition payments online. This new registration service called "e-Lion" became available May 1, 2002. Through e-Lion, students may also view their grades and grade point average, obtain a working transcript, and review financial aid data. Students who have lost or forgotten their e-Lion "login and password" should go to the University's home page, www.saintleo.edu; click on E-Links, e-Lion, and "Student's Menu"; and then choose "forgot my login and password". The information will be sent to the student's Saint Leo e-mail address.

For a successful online registration, students should know their degree course requirements and the pre-requisites for courses. Online registration commits the student to financial responsibility for all tuition and fees until Saint Leo receives third party billing documents.

Students may also enroll for online and classroom courses at each of Saint Leo's three convenient offices at Naval Amphibious Base Little Creek, Naval Air Station Oceana, or Naval Station Norfolk. Saint Leo University also offers classes on the Langley Air Force Base and the Fort Eustis and Fort Lee Army Bases.

The Defense Commissary Agency is offering $1500 scholarships under the Military Children Program. The scholarship program, which is administered by the Fisher House Foundation, has awarded 920 scholarships and nearly $1.5 million in its first two years. The program is open to dependent unmarried children (under the age of 23) of active duty personnel, reserve, Guard, and retired military. Applicants must be currently enrolled in the DEERS database and a have a current ID card. The applicant must be planning to attend, or already attending, an accredited college or university full-time in the fall term of 2003. Applications may be picked up at any commissary or downloaded at http://www.commissaries.com or http://www.fisherhouse.org. The deadline is February 21, 2003.

Regroup and Look Ahead!

Yes, the Fall Semester is at the half waypoint. However, it's NOT too early to be looking toward the 2003 Spring Semester classes which begin in the middle of January next year. The Spring schedule is now available and the earlier you know which classes interest you the more likely chance you'll have of getting into that section. Remember many of the popular classes fill up early. You may wish to visit an academic advisor to help you understand what's involved in a particular major and what professional area it leads toward. Old Dominion University has a rather large selection with 66 bachelor degrees, 67 masters programs, and 23 doctoral programs. If you're interested stop by the University office at Oceana (Navy College Office Bldg 531, Suite 100) for assistance setting up an appointment and finding you're way around campus. Some key dates for registration and the start of the 2003 Spring Semester are listed below:

- November 18, 2002 -Spring 2003, pre-registration for continuing students
- November 23, 2002 - Spring 2003, new student registration begins
- January 11, 2003 – Spring 2003 classes begin
- January 21, 2003 – Tuition due date & last day to drop/add courses
- April 29, 2003 – Last day of class
- May 1, 2003 – Exams begin
- May 8, 2003 – Exams end
- May 10, 2003 – Spring commencement

Visit your full service Old Dominion University office in the Navy College Office at Oceana (Bldg. 531) or call for assistance at 491-5109.

SUIC Major in Workforce Education & Development -What's That?

Southern Illinois University Carbondale offers a bachelors degree with a major in Workforce Education and Development. Just what is workforce education and development? One way to answer that question is to list positions the degree prepares you for in the private or public sector. Here's a sample: training specialist, technical instructor, curriculum writer, course developer, training administrator, training officer, human resource development specialist, education specialist, training consultant. Training has become a very large industry in the past few decades. All organizations have a large in-house training department or do extensive contracting out. SUIC's WED program is one of just a few bachelor's level programs that prepares graduates for entry into this occupation. A number of professional organizations service the occupation, the American Society for Training and Development, the International Society for Performance and Instruction, and the Society for Human Resource Management.

SIU's WED Program awards up to 44 credits for your military training and experience.   The 36- credit WED major is delivered at Dam Neck on alternate weekends.   For additional information about the program call 757-422-4352 or e-mail Dr. Bob Dotzler at rdotzler@siu.edu or stop by the SIU's Dam Neck office in Walker Hall Room 141. You may also check out the program's website at www.wed.siu.edu/Public

SCHOOL NEWS cont.
Norfolk State University –Bachelor & Master Degrees

Master of Arts in Urban Education (Guidance & Counseling)

The Master of Arts in Urban Education (Guidance & Counseling) provides broadened training and education to Navy Counselors in the career or substance abuse fields of counseling. Many of our graduates have achieved professional success in industry and professional organizations. Requirements for the program are:

- No GRE exam.
- An accredited undergraduate degree with official transcripts.
- GPA 2.75 or higher.
- Three Letters of Recommendations.
- A 300-word personal statement of goals and objectives.
- Completed Graduate Degree Application with $30.00 processing fee.
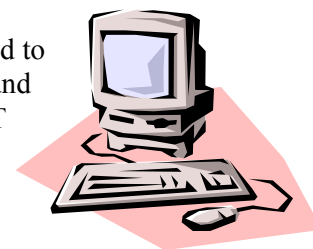

Interdisciplinary (INT) Studies Degree

Military students may earn up to 90 semester hours of credit towards a Bachelor of Science degree in Interdisciplinary Studies. Credits are accrued from military experience, schools and training, rating skills, CLEP and DANTES exams. Curriculum content includes Interdisciplinary Studies, Political Science, History, Industrial Management Technology & Health Services Management. Contact Ken Clarke @ (757) 489-8516 or by email: kclarke@nsu.edu.

ECPI College of Technology – MCSE, Fiber Optics, Associate Degrees

NETWORK+ CERTIFICATION

Network+ is a CompTIA vendor neutral certification that measures the technical knowledge needed to configure and operate a variety of networking products. The exam covers a wide range of vendor and product neutral networking technologies that can also serve as a prerequisite for vendor-specific IT certifications. Certification certifies that the successful candidate knows the layers of the OSI model, can describe the features and functions of network components, and has skills needed to install, configure, and troubleshoot basic networking hardware peripherals and protocols. The Network+ Certification can be combined with the A+ Certification to serve as an elective for the new Microsoft Certified Systems Administrator (MCSA) certification. NET 156 Network+ Preparation is designed to provide the student with a fundamental understanding of computer networks. Through hands on training, students learn the vendor-independent networking skills and concepts that affect all aspects of networking. Fundamental topics include: Networking Protocols and Devices, TCP/IP Architecture, Internet Addressing, and User Management concepts and procedures. Advanced topics included in the curriculum cover the areas of Data Protection, Network Security, and Network Troubleshooting and Maintenance. The course helps to prepare the student for the CompTIA Network+ certification examination and a voucher to take the examination is included. Upcoming On base classes include the following:

Course number	Title	Start Date	End Date
CET 105	Fiber Optics Installer	16 Nov 2002	14 Dec 2002
NET 156	Network+ Preparation	30 Jan 2003	13 Mar 2003

ECPI College Of Technology offers the following technical certification programs.
CompTia A+ PC Service Technician, CompTia Network+, Microsoft Certified Systems Administrator, Microsoft Certified Systems Engineer, Cisco Certified Network Associate, Cisco Certified Network Professional, Electronics Technicians Association Fiber Optics Installer, Electronics Technicians Association Fiber Optics Technician, Sun Solaris Administrator Level I & II, and Certified Internet Webmaster Designer.

For detailed information on any of the degree, diploma, or certificate programs offered by ECPI COLLEGE OF TECHNOLOGY, contact the ECPI Military Program Manager, Mr. Rick Hollingsworth at 491-5755 or 560-6675 or by email at rhollingsworth@ecpi.edu. The NAS Oceana Office is located in building 531 room T101 and is open on Mondays, Wednesdays and Fridays from 0900 until 1700 and on Tuesdays from 1300 until 1700.

Navy College Office & School POC Information

You are encouraged to contact the school of your choice for program information and class schedules and visit with a Navy College counselor to finalize your selection.
